Dear Keith,

It was a great pleasure meeting and working with you at the Cooking Convention in Seattle Washington.

As I said to you, you have a unique style and marvelous presence that's refreshing for our industry. Your enthusiasm and persona will serve you well in television.

I look forward to supporting your "Champagne Chef" T.V. show, and I would be honored to provide you with a forward for your upcoming book.

Let's stay in touch!

Respectfully,
